

Cryptowl

HATCH AND GROW YOUR CRYPTOWLS

Cryptowl is the hero **OWL World** flying around the fun, vibrant and adventurous metaverse found in the vast forest of Blockchain. The rare owl and gold eggs are waiting to be found and hatched.

While you venture in and out the Owl World, get a chance to find and hatch the golden eggs of super rare Cryptowl. These kinds of Owls will bring you great return value when sold on OpenSea or other secondary NFT markets - with potentially hundred folds in return for the super rare Owl.

Forget supercars! Forget luxury French bags!
NFT is the new way to flaunt your wealth!

Hatch and grow your Cryptowls and see your
collector NFT assets grow in value.

Each Cryptowl out of the
10,101 flying around the
Blockchain forest has its one of
a kind code.

Be the first to own the Cryptowl
during the first launch for **ETH 0.03**
and sit on a tidy profit when the hype sets in.

Get your Metamask wallet ready!

By connecting Metamask to other primary and secondary markets, enables Cryptowl Owners to sell their exclusive NFT for wider range of audience and collectors for higher value.

A cartoon owl with large yellow eyes, one of which is winking, stands in a lush green forest. The owl has a purple body and a white face with a yellow beak. It is wearing a small purple hat with a yellow bell. In the background, there are tall trees, a small stream with lily pads, and a nest with two eggs on a tree branch. A small orange flower is in the foreground.

Let The Adventure
Begin!!!
